Over 1 billion
people live with a disability. **13%**

96% of the internet is not
digitally accessible.

\$1 trillion

is spent annually by people with disabilities and their families, making accessibility a key driver of economic growth.

\$6.9 billion

in potential revenue is lost each year by businesses with inaccessible websites, as customers turn to more inclusive competitors.

\$8 trillion

in annual disposable income comes from 1.3 billion people worldwide living with disabilities, representing a vast and underserved market.

Digital accessibility is the key to reaching a wider audience

Corpowid is a digital accessibility widget for websites. Our digital solution provides functionality intended for users with disabilities, including epilepsy, dyslexia, limited vision, cognitive impairments, and other health limitations.

Corpowid is multilingual widget and it is compliant with WCAG & ADA guidelines.

WE GUARANTEE top accessibility & SEO scores!

Real use cases

The screenshot shows a web browser window for yapikredi.com.az. The main content area displays two types of cards: a 'Kredit Kartı-Worldcard' and a 'Debet Kartı-Pulkart'. Each card has a blue button labeled 'Ela indi sifariş et' (Buy now) and a grey button labeled 'Məlumat al' (Get information). To the right of the main content is a large, semi-transparent overlay titled 'Müyəssərlilik menyuü (SHIFT + C)'. This overlay contains a grid of 25 icons, each with a label describing a keyboard shortcut or feature. The features include various reading modes (Kontrast rejimi, Qaralıq rejim, Mavi işq filteri), text size adjustments (Daha böyük mətn, Mən mövqeyi, Xətt hündürlüyü), text selection (Hərf aralığı, Alternativ mətn, Disleksiya rejimi), and other accessibility functions (Oxu maskası, Əlfəcin, Məzmun böyüdürü, Linklərin seçimi, Mətni tarcümə et, Başlıqları seç).

Kartlar

Ana Səhifə > Kartlar

Güvənlili və Təhlükəsiz kartlarımız sizə nağd pul daşımaqdan azad edəcəkdir. Dünyanın istənilən yerində rahat şəkildə alış-veriş etmək üçün kartlarımız sadəcə Yapı Kredi POS terminallarında deyil, dünya üzrə bütün bankların POS terminallarında keçərlidir. Hətta, interentdən belə edəcəyiniz alış-verişlərdə debit kart-Pulkart və kredit kart-Worldcard-dan istifadə edə bilərsiniz.

Real use cases

The screenshot shows a desktop browser window with the URL eurekosigorta.com.tr. The main content area displays the Eureko Sigorta homepage, featuring a banner with a person working on a wooden project and the text "EureKO'nın size özel sunduğu ayrıcalıklarla tanışmaya hazır olun!". Below the banner, there's a navigation bar with links like "Kasko", "Konut", "Seyahat Sağlık", "Özel Sağlık Sigortası", "Tamamlayıcı Sağlık", "Ferdi Kaza", and "DR". A green sidebar on the left contains icons for WhatsApp and a magnifying glass. The right side of the image shows a "Corpowid" toolbar overlay, which includes a "Normal" mode button and various accessibility options such as "Kontrast modu", "Karanlık mod", "Mavi Işık filtresi", "Daha büyük metin", "Metin hizalama", "Satır yüksekliği", "Harf boşluğu", "Alternatif metin", "Disleksi", "Okuma maskesi", "Okuma ayacı", "İçerik büyütme", "Bağlantı seçimi", "Metni çevir", and "Başlıklar göster". The toolbar also indicates "Erişilebilirlik Menüsü (SHIFT + C)" and "v.2.1.15".
