

Access for All. No Exceptions.

More than 1.3 billion people globally live with a disability.
96% of the internet is not digitally accessible.

39m Blind

320m ADHD

10m Parkinson's

245m Low vision

800m Dyslexia

How digital accessibility benefits your business?

\$1 trillion

is spent annually by people with disabilities and their families, making accessibility a key driver of economic growth.

\$6.9 billion

in potential revenue is lost each year by businesses with inaccessible websites, as customers turn to more inclusive competitors.

\$8 trillion

in annual disposable income comes from 1.3 billion people worldwide living with disabilities, representing a vast and underserved market.
